have only one complaint, and nearly everybody stopped across an imaginary line.

The hallways were thronged to a fine in the self-appointed chairman declaring that the meeting demanded even better order for six hours' work to date from collar to collar of the shaft.

The first meeting was addressed by someone who declared that they were miners in Tonopah. One remarked that he was a miner in the district where he left his work as the mines closed. U. S. MUST HAVE A STRONG ARMY

(Continued from Page 1.)

WASHINGTON, Aug. 18. Secretary Baker told the senate military affairs committee that because of the disturbed state of the world at present, he would not be doing his part unless he were given the power to provide for an army that would represent the strength of the United States.

The committee is considering the war department plan of a standing army of 135,000 men and universal military training.

Sometimes a man remains in the army class because he is no other of courage or courage.

WARNING! WARNING!

During the time the local labor conditions are unsettled we urge and advise that the owners of shares of stock in the Tonopah and Divide districts do not offer them for sale. To endeavor to sell them at reasonable prices would be impossible under the present conditions, and to let any broker, salesman or anyone else use your selling orders to beat prices down will work to your own disadvantage as well as to the district in general. Pending the unsettled affairs of the miners and operators we will not open our "night public call" for the reason that we believe it would be to the disadvantage of Tonopah and Divide as soon as conditions have improved we will resume our efforts to make Tonopah and Divide the center of the "Impending Silver Boom."
